

HOME OF THE MUSTANGS

Grandview Elementary, a 2005 Michigan Exemplary Blue Ribbon Elementary School, is one of two elementary schools in the Clarenceville School District. Grandview serves Preschool through 5th grade students from the communities of Livonia, Farmington Hills, and Redford. The enrollment at Grandview is approximately 450 students.

The staff at Grandview Elementary work diligently to ensure that its purpose is embodied in both its program offerings and its expectations for students. The district supports our school by providing high-quality curriculum and materials aligned to Common Core State Standards such as Reading Street and En-Vision Math. Ample professional development opportunities throughout the school year are also provided to ensure that staff have up-to-date training in research-based instructional practices and is able to model the practice of lifelong learning. All Grandview Elementary teachers are both certified and highly qualified.

Grandview Elementary has a school-level parent involvement policy that supports and guides staff as they maintain open lines of communication and provides parents with information regarding the resources and learning opportunities available to their children. Additionally, all teachers and staff members participate in a building-wide positive behavior program that encourages students to practice the good behaviors that result in a safe, well-managed building where all individuals demonstrate mutual respect and compassion.

When you visit Grandview, you will find a warm, caring environment where children come first and learning is our number one priority. We strive to make a difference in the lives of children every day and prepare them for the 21st century!
